

# Project Experience

## Project Title: Olero Creek Production Facilities

**Client:** Chevron Nigeria Limited/DeltaAfrik

**Scope:** Detailed Design & Procurement Mgt.

**Date:** Jan 2007 - Feb 2008

**Field Location:** Olero Field, Delta State

**Man Hours:** 1,056

### PROJECT DESCRIPTION

Chevron Nigeria Limited intends to re-instate the NWS and NFS barges that were vandalized in 2001. The project involves full multidisciplinary detailed engineering Design and procurement management services to support the re-instatement works.

### SEAMTRIC SCOPE

Seametric in partnership with DeltaAfrik participated in the successful execution of the project by provision of QA/QC personnel to support the project.
